** BLACK BOOT COVERS		<b>** Black boot covers will be on sale at the club skate sale on 17/11 9.00am – 10.30am and also at the pantomime run through on Sunday 25<sup>th</sup> November. They may also be on sale during other rehearsals if we are able.</b>
** Skating Tights		<b>Skating tights do not have a visible gusset and are thicker than normal tights. They are available from a number of on-line sites. We will also have a selection available at the club table.</b>

### **General Notes for Hair, Make-Up and Appearance**

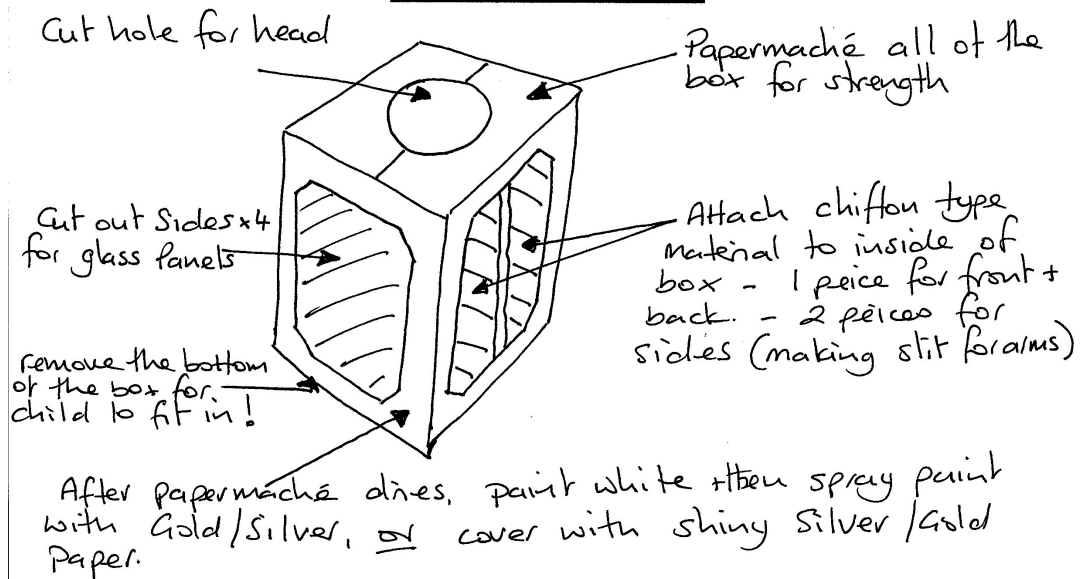

Skaters need to provide their own basic make up as specified by their groups. They also need their own hair brushes, plenty of hair clips and make-up removal wipes. Please ensure that if for any reason you are unable to use any make-up products that you inform the make-up team prior to performance and that you supply your own alternative make-up as appropriate.

It is recommended that skaters have a number of safety pins available for use in costume adjustment.

Skaters need to consider and use appropriate underwear. Bra-straps, pants and socks should not be visible under or through any costumes.

Thank You

# Lanterns

1. Find a box to fit your child's torso from neck to the top of the thigh. (Crisp boxes are a good size). Cut a hole for the head, but leave enough room for the box to rest on the shoulders. Tape all the edges down. Then cut the sides out of the box which would be the glass panels, leaving the edges for the lantern sides. You will then need to paper mache the box as it is very wobbly! Use 3 equal parts of flour, water and PVA glue and paste newspaper strips with this to the box. Leave to dry and harden.
2. Cover the box with shiny gold or silver paper, or paint white then spray paint silver or gold (try hobby craft for paint). You can also use the clear sticky plastic for book coverings to help it last longer if you use a paper covering (remember they will be going through some bumps).
3. Use a thin material e.g chiffon, and fix on the inside of the box, filling in the cut out panels (this is supposed to be the glass). In the arm areas use 2 pieces of material so that you create a slit for the arms to go through. **FABRICLAND HAVE A GOOD SELECTION OF CHIFFON TYPE MATERIAL FOR THE GLASS PANELS IN LOTS OF COLOURS at £2.99 metre.** (Fabricland is the material shop on Cheapside Reading behind Primark). As your child will need to wear a similar or matching sleeveless top try and get a fabric colour for the colour top you have! We'd love to have different colours though so have a chat with each other to create a variety of colours.
