

# COSTUME FEEDBACK FROM 22<sup>ND</sup> NOVEMBER

## PLEASE READ

**Snowdrops.** Excellent effort, however a few were in natural tights. Please ensure you have **white tights** for your outfits. Please make sure your laces are cleaned - they were all looking dirty.

**Mice:** Grey mice should have grey boot covers. White mice should have velcro in 4 corners to prevent the pink belly coming off.

N.B. we might have to attach the pink ears on a hair band once we have sorted the horse transformation.

**Hunt** You all looked the part thank you, please ensure you have a white top (polo neck) and black boot covers.

**Cleaners** Again a great effort, however we have decided that you keep on your black boot covers and change to a black long sleeve top (this can also extend to you bottoms if you feel more comfortable with this).

**Ballroom** You all looked fabulous, well done, just one note that most of you had over the boot natural tights which looked really nice, we would like you all to wear these. Long hair to be in a bun.

**Villagers** A bit of a miss mash! Please wear natural tights, black boot covers, small black skirt provided. You are also invited to wear a colourful top or leotard instead of your white blouse.

**Fairies** Beautiful, only 1 issue you need over the boot natural tights they look much nicer.

**Guards** All good, please also wear your black leggings and black long sleeve tops for the washing scene, you will be issued with further items this week (Hopefully).

**Hopeful maidens** You all look great, please attach black ribbon as straps to help you feel more secure, you could then get away with a bra underneath (natural would be best) or a body stocking.

**Cinderella** Wonderful! Can you please wear over the boot tights. Thank you

**Buttons** Great

**Prince** fab (like the sparkly leggings!)

**Footman** Great!

**All other principles** As you have not been able to wear costume due to lessons and as I am not there on 6<sup>th</sup> Dec please can you photograph yourself in your costume and send to me so that I can check it (that's everything inc boots etc) Thank you

Thank you again for you efforts, I know it was very cold on Sunday, and we do understand you want to keep warm but at the next dress rehearsal please just wear your outfit as instructed without the added jumpers leggings etc when you are skating otherwise I don't know if your wearing the correct outfit or not. Your very welcome to put on extra layers when waiting around.
