

BRACKNELL ICE SKATING OPEN 2016

National Ice Skating Association of UK Ltd

TECHNICAL REQUIREMENTS FOR NATIONAL SINGLES OPEN COMPETITIONS

FROM 1ST July 2015 to 30th JUNE 2016

Bracknell ISC Singles Open 2016 Thursday April 21st & Friday 22nd April
Closing Date - Monday March 14th

(To read in conjunction with any relevant ISU Communications)

These competition program requirements comply with ISU Basic Novice to Senior and, for a short time, may be out of line with the NISA Free Skating test structure. All elements performed are as per ISU current regulations. This allows skaters to perform IJS test and competition elements as per the established criteria (ISU regulations 2015/16) and subsequent communications.

This Generic Criteria must be read in conjunction with ISU Special Regulations and Technical Rules 2014 when published) ISU Communications 1861, 1874, 1947 and any subsequent ISU communications. Vocal Music is allowed at all levels. ISU Age restrictions do not apply.

However, for the purpose of the Step Sequence in Beginner Singles, the requirement for full ice surface at base level will be achieved when the skater covers a minimum of 75% of the full ice surface to make this achievable for skaters at this level. The criteria for level 1 and above step sequences remain as per ISU.

Ladies and Men may not compete together in the same singles competitions. These singles competitions must be split into separate Ladies and Men's events. This does not apply to any exhibition events where this is at the discretion of the club. Tests passed after the closing date DO NOT allow entry to be transferred to another level under any circumstances.

The Generic Criteria is the same for all Opens, whether judged under the RJS (6.0) or the IJS with the following conditions:

- Beginner Singles may be judged using IJS or RJS. Beginner Couples is to be judged under RJS.
- Clubs/Rinks who apply to use the IJS are free to choose which levels are judged using the IJS and which are judged using the RJS (although IJS will be encouraged where possible) and this must be published clearly in the announcement for the event.
- IJS events from Beginner to Level 3 will be judged in accordance with the ISU Basic Novice regulations, i.e. No element can achieve higher than Level 2 and only 2 components will be scored in accordance with ISU Communication 1947.
- **Levels 8 to 10 may be skated at all events, using IJS if desired by the Club but due to restrictions on levels caused by the size of the ice surface, test passes will only be available when skated on ice surfaces with a minimum size of 26 x 56 metres.** Permit requirements will be different for the two types of event.
- The **Short programmes at levels 8 to 10 for singles and for Junior and Senior Pairs can be skated ONLY at IJS events.**
- Where Clubs/Rinks choose and are permitted to hold an event using the IJS, the Short Programme and Free Programme **MUST be run as 2 separate events.**
- Skaters are free to enter either or both of the 2 events at any level for which they meet the requirements.
- Many skaters will be eligible at more than one level and will choose which event they enter in association with their Coach, based on their personal plans for the season. If entries are submitted for 2 events, skaters must state their preference if clubs can only accommodate skaters in one event due to time restrictions.
- As per ISU Comm. 1947 no highlight will be awarded at level 8 and below.

It may be possible to achieve test passes at IJS Opens, working within NISA criteria.

BRACKNELL ICE SKATING OPEN 2016

National Ice Skating Association of UK Ltd

TECHNICAL REQUIREMENTS FOR NATIONAL SINGLES OPEN COMPETITIONS FROM 1ST July 2015 to 30th JUNE 2016

- 1) **SPIN WITH NO CHANGE OF POSITION.** A “spin with no change of position”, in which another basic position is executed with more than two (2) revolutions, does not fulfil the requirements of a spin with “no change of position” and will be identified as a “spin combination”. However, the concluding upright position at the end of the spin is not considered to be another position independent of the number of revolutions, as long as the skater is executing only the final wind up without any enhancements. NB. This means in a spin with only one change of position, if the second position is an Upright position it should be obvious, e.g. have an enhancement, to make it clear it is not simply the wind up.

- 2) **CHOREOGRAPHIC SEQUENCE**
A Choreographic Sequence consists of any kind of movements like steps, turns, spirals, arabesques, spread eagles, Ina Bauers, hydroblading, any jumps with maximum of 2 revolutions, spins etc. Listed elements included in the Choreographic Sequence will not be called and will not occupy a box. The pattern is not restricted,
